IL PEZZO MANCANTE

2024

Tutti cerchiamo il nostro Pezzo Mancante.

We are all looking for our Missing Piece.

Il Pezzo Mancante, *the Missing Piece*

Il Pezzo Mancante nasce nel 2010, creato da Cosimo Terzani e Barbara Bertocci.

Spinti dall'amore per la materia e dalla profonda passione per la propria terra, la Toscana, creano un mondo fatto di concretezza e visionarietà nel quale riscoprire una cultura artigiana del fare straordinariamente ricca.

Un mondo di esaltazione della bellezza del pezzo fatto a mano; pezzi d'arte da sfiorare con le dita, per sentirne il calore e la "familiarità".

Il legno massello, le fusioni di ottone, il cristallo soffiato, il marmo delle cave di Carrara non sono solo icone del passato ma simboli di un'intelligenza ed eleganza senza tempo che la modernità ha bisogno di recuperare.

Il Pezzo Mancante è un mondo di memoria, materia, tatto, esaltazione dei sensi, eleganza, passione, dove concedersi il lusso di guardare, pensare, fare e andare alla ricerca di qualcosa che mancava: Il Pezzo Mancante.

Il Pezzo Mancante was born in 2010, created by Cosimo Terzani and Barbara Bertocci.

Inspired from their passion for quality raw materials and an innate love for their homeland, Tuscany, they create a world made of authenticity and vision in which you can rediscover an extraordinary rich artisan culture.

It's a world that celebrates the beauty of handcrafted pieces, tangible works of art designed to express warmth and "familiar feel".

The solid wood, the brass castings, the hand-blown crystal, the marble sourced from the finest Carrara quarries are not just icons from the past but symbols of timeless intelligence and elegance rediscovered in modern life.

Il Pezzo Mancante is an atelier that designs and creates unique pieces, a world of memory, material, touch, illuminating the senses. Thoughtful elegance and passion; a place where you can watch, think, do and look for something missing: Il Pezzo Mancante ("The Missing Piece" in english).

*A female figure
carrying in her womb the light*

Il Pezzo 12 is a female figure suspended in the air, carrying in her womb the light. It's nimble, refined, addictive. The solid clearest crystal, brilliantly illuminated by two LEDs, diffuses ambient light and casts mesmerizing patterns throughout the room. The fixture is adorned with an additional LED at the end of each stem to provide direct lighting.

*A medieval Florentine palace
over an imaginary Arno river*

Rigid, strong and impenetrable, like a medieval Florentine palace it seems to be suspended and floating over an imaginary Arno river. Il Pezzo 10 shows off its embossed wood giving it a medieval taste. The wood shows infinite shades and colors, it invites us to stroke these rounded surfaces, finely smoothed and ripe with the smell of essential oils, giving a real celebration of senses.

IL PEZZO **3**

*Led technology
and emotional sense of light*

Inspired by Arabic calligraphic art and icon of the classical candelabrum is Il Pezzo 3. This collection of lamps praises a hand-forged brass structure and elegant "candles" crafted from hand blown crystal, according to the noble Tuscan artisan tradition. They are illuminated using the latest LED technology, creating a sophisticated and romantic light.

*A multiethnic
composite of
discipline and freedom*

An alternation of rounded shapes and geometrical lines, reassuming discipline and freedom, a composite, multiethnic plan in which each component and each material contributes to the harmonious balance of the piece.

IL PEZZO **6**

*What seems to be
a casually arranged composite
of glittering elements*

A solid block of walnut held up by
what seems to be a casually arranged
group of glittering legs.
A composite of contrasting elements, massive
and sophisticated, strong and passionate,
creating an harmonious and timeless whole.

IL PEZZO 8

*A sparkling forest,
romantic and sinuous*

A sparkling forest of legs supports a majestic block of wood with lively outlines or a precious slab of Marquinia marble or an extra-clear glass tabletop. Il Pezzo 8 is a collection of colours, shapes and materials you can lose yourself in.

La nostra storia, our history

"Da quando ci siamo conosciuti nel 2007, abbiamo condiviso la stessa passione per la lavorazione artigianale, per i materiali nobili come la fusione di ottone, il legno massello o il marmo e, ovviamente, per il design. Spinti dal desiderio di realizzare le nostre idee e dalla forza del nostro amore (e, perché no, da un po' di follia), nel 2010 abbiamo fondato Il Pezzo Mancante, combinando le nostre competenze di illuminazione e arredamento. Le collezioni sono realizzate nel nostro atelier a Firenze da un team di persone che condivide la nostra stessa passione per la bellezza e la qualità. Ogni pezzo nasconde un piccolo cilindro in ottone, che riporta il numero di serie, garantendone l'unicità e l'autenticità. La nostra sfida è combinare la tecnologia e la tradizione artigianale per creare pezzi unici e senza tempo."

"Since the moment we met in 2007, we shared our passion for craftsmanship, noble materials such as brass casting, solid wood or marble and, of course, design. Driven by the desire to realize our ideas and by the strength of our love (and, why not, a bit of madness) in 2010 we founded Il Pezzo Mancante ("The Missing Piece", t.n.), combining our knowledge of lighting and furniture. All our pieces are made in our Atelier in Florence, Italy, by a small team of people sharing the same passion for quality and beauty. Each piece hides a small brass cylinder containing the serial number, that seals its authenticity and uniqueness. Our challenge is to combine technology and handcrafted tradition to make unique and timeless pieces."
